

AMERICAN PIE COUNCIL National Pie Championships Sponsorship Opportunities

Our Mission

The American Pie Council® (APC) is the only organization committed to preserving America's pie heritage and promoting American's love affair with pies. Designed to raise awareness, enjoyment and consumption of pies, the APC offers amateur, professional and commercial memberships.

Event Overviews

The National Pie Championships and the Pie Learning Center offer an opportunity to showcase your product or service to commercial, professional and amateur pie makers, depending on which day(s) you choose to participate. This is a superior networking and educational opportunity.

National Pie Championships

Commercial, professional chefs and amateur pie makers from the United States and Canada have been competing at the National Pie Championships since 1995. The APC has created a standard of quality in pie making on all levels. We have a well-established record in the pie judging field for commercial, professional and amateur bakers alike. In past years, the APC judging team has reviewed almost 1000 pies each year and the competition continues to grow. Our commercial members have shown that winning an APC award can substantially increase pie sales and market share in that category and the competition gets tougher each year. The 2020 National Pie Championships will take place on April 23-25, 2020, at the Renaissance Orlando SeaWorld, Orlando, FL

The Pie Learning Center

The Pie Learning Center includes a series of presentations by Industry Experts designed to improve the quality of product in the marketplace. Held on the Friday after pie registration for the National Pie Championships, sessions target the commercial and retail pie bakers. On Saturday after pie registration for the Amateur and Professional Divisions of the National Pie Championships, baking demos will be offered featuring our sponsor products and other topics to ensure the continuation of the art of pie making. The public is invited to the Saturday session as well.

We invite your company to offer an expert speaker(s), host an exhibit table to distribute your information, sample your products and/or to work with us to customize something unique to reach your particular audience during these interactive events.
